

Telescope Status

- ◆ Prototype Primary Mirror
 - *Demonstrated no Hysteresis upon Cycling $5K < T < 300K$*
 - *Successful Null Figuring Using Cryogenic Hit Map*
- ◆ Prototype Telescope
 - *Assembled, Aligned and Cryogenically Tested*
 - *Successful Development Random Vibration Test*
- ◆ Flight Telescope
 - *Primary Mirror Being Reworked to Flight Specs*
 - *Back-Focal Distance Shortened Slightly*
 - *Flight Spare Primary in Process*
